

A wide variety of bike manufacturers use many different sizes of headset bearings. At Enduro we offer over 30 different sizes to accommodate just about every frame on the market.

Our Headset Bearings are offered in 440C Stainless Steel and Black Oxide to provide the most durable bearing.

Always measure the headset bearings to ensure the correct fitment.

Angular Contact Headset Bearing New Item	Static Capacity (lbs)	Weight (grams)	Dimensions IDxODxWidth	Finish	Alternate Part No.#
